KONICA MINOLTA

ALIGNING PRINT TO THE CLOUD
CLOUD PRINT SERVICES

The world forces us to stay flexible in our way we work and to constantly adapt to ever-changing markets. This changing world of work, however, brings with it risks and opportunities that need to be navigated. Cloud solutions have become indispensable and provide a perfect platform for flexible digital working. This is why more and more medium-sized businesses are interested in all-in-one cloud-based services for their printing and IT infrastructure.

As a trusted advisor, our goal is to help your work environment achieve maximum digitalisation. We'll partner with you and give you independent advice on the optimal cloud solution and will take care of migrating, operating and constantly optimising your print infrastructure to overcome new challenges and transform your business to be more dynamic than ever before.

Our Konica Minolta Cloud Print focuses on connectivity, flexibility and liberation. We connect your printing infrastructure with the latest cloud technology to bring your business one step closer to an intelligent connected workplace.

FIVE REASONS TO CHOOSE THE CLOUD

1 Reduced workload and peace of mind
We host your cloud solution and ensure that it is always available, taking care of performance and optimisation too.

2 Full cost control facilitates planning
Thanks to a fixed monthly rate and low initial investment, you only pay for what you actually use.

3 Maximum data security
Your data is in good hands and stored securely in our certified Data Center that comply with the GDPR regulations.

4 Fit for the future with unlimited possibilities
Cloud services offer maximum flexibility and scalability to keep your business' IT infrastructure growing.

5 Say goodbye to outdated systems
We provide state-of-the-art hardware and software, as well as any necessary updates.
